

Application for Discount ID Card

To be eligible for a Discount ID card from Durham Area Transit Authority, an individual through illness, injury, congenital malfunction, or age is unable to utilize mass transportation facilities and services as effectively as persons who are not so affected. Individuals who qualify for the Discount ID require special facilities (such as ramps or lifts), services (such as audible bus stop announcements), or planning (such as taking additional time or an alternative route to get to a bus stop).

Persons whose disabilities do not make it substantially more difficult for them to use public transportation when compared to a non-disabled person are not eligible for the DATA Discount ID card. Examples of disabilities that may be included in this category are mental illness, deafness, contagious disease, pregnancy, obesity, and drug or alcohol addiction.

To apply for your card, bring this completed form to DATA, 224 N. Hoover Road with two forms of identification, one with a picture. Please call 683-DATA x22 for an appointment.

Applicant's Name: _____

Address: _____

City: _____ Zip Code: _____

Home Phone: _____ Work Phone: _____

Date of Birth: _____

To be completed by your doctor:

What is the disability that substantially affects the applicant's ability to use DATA's bus service?

Is this disability permanent or temporary? _____ If temporary, what is the expected duration of the disability? _____

How is the applicant's use of the bus substantially more difficult when compared to a non-disabled person? What special facilities, services or planning does this applicant require to use the bus?
